Provincial and Territorial Smoke-Free Legislation Nova Scotia

Name of legislation	Smoke-free Places Act (amended)
	 An Act to Amend Chapter 12 of the Acts of 2002, the
	Smoke-free Places Act, and Chapter 14 of the Acts of
	1993, the Tobacco Access Act
Date in force	 December 1, 2006 and May 31, 2015
Workplaces	Smoking prohibited in virtually all enclosed
	workplaces
	 Smoking permitted in DSRs by in-patients or residents
	of group living facilities (includes long-term care and
	other residential care facilities)
	• Smoking permitted by registered guests and their
	invited guests in designated smoking hotel rooms
Restaurants	Smoking prohibited
Casinos, bingos, etc.	Smoking prohibited
Bars	Smoking prohibited
Public places	Smoking prohibited
Outdoor provisions	• Smoking prohibited on all outdoor patios regardless of
	whether they have a roof
	• Smoking prohibited within 4 metres of licensed
	outdoor areas, entrances and exits, air intakes and
	windows of workplaces
	Smoking prohibited on school grounds
	Smoking prohibited in transit shelters
Private motor vehicles	Smoking prohibited in a motor vehicle with children
	under the age of 19 present
	In force April 1, 2008
Provision for municipalities	• Section 16(2) of the <i>Smoke-free Places Act (amended)</i>
	stipulates that the more restrictive provision prevails
	Several municipalities have enacted some of the
	strongest bylaws in Canada
Summary	• Legislation provides excellent protection from SHS
	indoors and outdoors
	• Nova Scotia was the first province to ban smoking in
	private vehicles with children present
	• As of May 31, 2015, Nova Scotia was the first
	province to include in its definition of smoking
	waterpipes and electronic cigarettes
	The Act also prohibits smoking all weeds and substances , not just tobacco
	 Nova Scotia's legislation is still the strongest in
	Canada with respect to protection from second-
	hand smoke and second-hand vapour

Notes

Nova Scotia (2007) was the first Canadian province/territory to enact smoke-free vehicles with children present legislation. Since that time 10 other provinces and territories have followed suit: Yukon Territory (2008), Ontario (2008), British Columbia (2008), New Brunswick (2009), Prince Edward Island (2009), Manitoba (2009), Saskatchewan (2010), Newfoundland and Labrador (2011), Alberta (2012) and Quebec (2015). The Northwest Territories and Nunavut do not have such legislation.

On November 20, 2014, *Bill 60, An Act to Amend Chapter 12 of the Acts of 2002, the Smoke-free Places Act, and Chapter 14 of the Acts of 1993, the Tobacco Access Act* received Royal Assent and came into force on May 31, 2015.

The Act prohibits smoking anything (not just tobacco) in places where smoking is prohibited under the *Smoke-free Places Act*, essentially all indoor workplaces and public places, and certain other areas such as patios, transit shelters and within 4 m of the doorways, air intakes or operable windows of all workplaces. The Act prohibits the use of waterpipes in the same places, whether they contain tobacco or simply other weeds or substances. The Act also prohibits the use of electronic cigarettes in all places where smoking is currently prohibited.

This legislation is clearly leading edge, putting Nova Scotia in a position of national and international leadership by prohibiting the use of waterpipes, electronic smoking devices, and other weeds and substances province-wide, wherever smoking is already prohibited. However, the Act could still be strengthened by prohibiting smoking in more outdoor spaces, such as playgrounds and sports and recreational fields.
