Notes

Nova Scotia (2007) was the first Canadian province/territory to enact smoke-free vehicles with children present legislation. Since that time 10 other provinces and territories have followed suit: Yukon Territory (2008), Ontario (2008), British Columbia (2008), New Brunswick (2009), Prince Edward Island (2009), Manitoba (2009), Saskatchewan (2010), Newfoundland and Labrador (2011), Alberta (2012) and Quebec (2015). The Northwest Territories and Nunavut do not have such legislation.

On November 20, 2014, *Bill 60, An Act to Amend Chapter 12 of the Acts of 2002, the Smoke-free Places Act, and Chapter 14 of the Acts of 1993, the Tobacco Access Act* received Royal Assent and came into force on May 31, 2015.

The Act prohibits smoking anything, including cannabis, in places where smoking is prohibited under the *Smoke-free Places Act*, essentially all indoor workplaces and public places, and certain other areas such as patios, transit shelters and within 4 m of the doorways, air intakes or operable windows of all workplaces. The Act prohibits the use of waterpipes in the same places, whether they contain tobacco or simply other weeds or substances. The Act also prohibits the use of electronic cigarettes in all places where smoking is currently prohibited.

The Nova Scotia legislation is clearly leading edge, putting the province in a position of national and international leadership by prohibiting the use of waterpipes, electronic smoking devices, and other weeds and substances, including cannabis, province-wide, wherever smoking is already prohibited.

On March 27, 2018, Nova Scotia announced that it plans to amend the *Smoke-free Places Act* in the spring 2018 session. The amendments will protect people from second-hand smoke and second-hand vapour in more public places. The following measures are being proposed.

Smoking or vaping of cannabis or tobacco to be prohibited:

- on or within 20 metres of playgrounds located in an outdoor public space
- on or within 20 metres of a publicly owned sport and recreation event or venue, located in an outdoor public space
- on and within nine metres of public trails
- in provincial parks and on provincial beaches, except for within the boundaries of a rented campsite
- in all vehicles
